RE: ***Work Plan Priorities***

Ladies and Gentlemen:

The attached reports give you our performance as a team in the New Jersey Region. Each week or two you will receive reports showing your distribution in each call class indicated on these reports. You have also received a list of calls without distribution on these priority brands.

The jobbers are loaded with Monarch and Winston Select B1G1F. Beginning immediately, you are to identify those accounts without distribution on these priority brands and achieve distribution during implementation of our 3rd Quarter Retail Coverage Program. These priority brands and our coverage program are linked directly to the Region/Division share performance and the S.A.I.P.

Good Selling!
